

## Executed on a Technicality: Lethal Injustice on America's Death Row

By Dow, David R.

Beacon Press, Boston, MA, 2005. Hardcover. Condition: Brand New. "Mr. Dow, a death penalty attorney on the front lines in Texas, compellingly shows that sentencing innocent people to death is only one aspect of the contemporary death penalty debate. Basic fairness in the criminal justice system is of equal importance. Because such fairness is missing and cannot be restored, the death penalty deserves a grave of its own." Susan Sarandon 238 pp. with bibliographic references and index. ~After words: Our books aren't used; our prices are just low.~.
