The events relating to Iraq have been critical in defining the post-Cold War international system of peace and security. Dealing with Iraq covered the whole legal, political and emotional spectrum. The initial triumphalism was replaced by cynicism and apathy, ending in division and enmity. Above all, it raised questions about the political and legal foundations of the international security system, its players and their interests. The object of the present paper is to examine the current meaning and nature of the collective security system premised on the United Nations. An understanding of the flaws and problems associated with the practice of this system will enable us to rethink its basis and propose a conceptual framework for its reconstitution on the basis of legitimacy, using the war on Iraq as a case study to illustrate our arguments. The discussion will begin with a short presentation of the political and legal situation leading to the war against Iraq in March 2003. This will be followed by a critical analysis of the UN collective security architecture as it evolved after the end of...
