THE DIRT-CHEAP SURVIVAL RETREAT: ONE MAN S SOLUTION (PAPERBACK)

[DOWNLOAD](#)

Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The standard survival retreat advice has always been to find a remote place in Idaho or Montana, with at least 20 acres, a 2,000-square-foot log cabin and a bunker underneath, a barn, pastureland, and a stream running through the property. But how many of us can afford such a spread without a crippling mortgage? If you can t make the hefty payments on your survival retreat, the bankers will evict you, leaving you worse off than those who failed to prepare in the first place. My motivation for finding a building a low-cost survival retreat/homestead was the need to live on a lot less money after I lost my job and got divorced. I started living in a travel trailer, parked on two acres I d bought a few years back to use as a campsite and bug-out location, never dreaming I d be living there fulltime. However, I called the travel trailer and property home for nearly five years and was content. During that time I lived cheaply and saved money until I had enough to buy a house on three acres of land that I now call home. The Dirt-Cheap Survival Retreat can be a permanent living arrangement or one to use temporarily while you save money for buying or building your perfect survival homestead. Living off the grid in a travel trailer isn t for everyone. But if you are looking for a way to own a debt-free home-and enjoy the security that comes with it-here s the my dirt-cheap plan for finding suitable land; buying a used trailer; securing it against the elements and intruders; providing alternative power sources; dealing with water and waste issues; maximizing your space;...
