Bennison Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Weirding Storm is an epic poem. Witches, dragons, malevolent spirit animals, dire wolves, hate, war, community, peace, and love spill out of the lines in a dance of words. After watching a young girl whose mother has died in the remote cottage below the dragon cliffs, a great dragon lands in front of a hunter from the nearest human village. Ssruuanne tries to tell Ruarther, the hunter, about the small human girl, but he sends an arrow bouncing uselessly off her scales. Her fiery breath sets a tree behind him alight, and the hunter runs, even though he had always told himself he would never quail before a dragon's power. Thus begins an epic story poem flowing out of a witch's death into the courage of a young girl and the terrifying build-up to a dragon/human war. Dragons, in their immense caverns and tunnels, face extinction, searching desperately for a way to control young rebel males in their midst. Humans, in the village below where the young girl is left alone to face a brutal winter, struggle against the coming war. Desperate to escape war, they search for dormant arts and powers long denied. Then, as Wei, the young girl, achieves an impossible transformation, war and the realms of death loose dire wolves and a storm of extinction as an epic climax threatens humans and dragons alike even as the possibility for human and dragon redemption takes flight into winter skies. Written in blank verse, or iambic pentameter, it is a formal epic featuring most of the elements that are characteristic of this ancient form of storytelling which has been around since the time of Beowulf and Homer's Odyssey....
