Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from *Methods and Causes of Evolution* Evolution is the branch of science concerned with the study of organic change. That species are subject to change is a fact as general and as fundamental in the organic world as gravitation is in the inorganic, and no less important in its relations to human progress. Our knowledge of evolution is far from complete, but it affords our only insight into many important problems.
