

The Floppy Infant

By Victor Dubowitz

Spastics International Medical Publications in Association with Heinemann. Hardcover. Condition: New. 168 pages. Dimensions: 9.4in. x 6.8in. x 0.6in. The second edition of The Floppy Infant is devoted to the recognition and diagnosis of the floppy infant syndrome. It includes a review of some of the more important causes and provides a practical approach to the assessment and management such children require. The text of the first edition has been completely revised, but the emphasis has not changed: it remains an immensely practical handbook for the clinician. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
