

The Giza Template: Temple Graal Earth Measure (Paperback)

By Edward G Nightingale

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Giza Template, Temple Graal, Earth Measure is the first book in a series documenting the research of Master Woodworker Edward G. Nightingale in terms for the layperson as well as the adept. It is written from the point of view of ancient architects, astronomers and mathematicians faced with the daunting task of constructing a repository of scientific data encoded within an architectural design. The design would be required to withstand natural and manmade cataclysmic events over 600 generations into the future. Based on this hypothesis the author presents a compelling case with a precise geometric, mathematical model that re-creates the architect s original design of the Giza Plateau. He began his research by using a reverse engineering technique, re-drawing and measuring what is actually constructed while comparing the Template model with multiple accurate satellite images and official survey data of the Giza plateau. Follow along step by step as the Giza Complex is re-created from scratch using only a simple template model that defines the precise dimensions and placement of eleven pyramids as well as the Sphinx and its...
