J B a Publishing, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Hi, I m James Atkinson (Jim to my friends and readers). I m a qualified fitness coach, competing bodybuilder and have a burning desire to help others reach their fitness goals. I have been training for nearly 20 years and this training has taken me from long distance running to bodybuilding competition. It is fair to say that I have learned the secrets of weight loss and fitness from my own personal journey. I have been fat, skinny and muscle bound throughout my fitness career and I really feel fulfillment from helping and advising others when it comes to their goals. This book is all about the very well-known but little practiced (correctly) method of training known as Supersets. My aim with this book is to give you the knowledge so you will: Be able to identify the workload that best suits your training goal Effectively add supersets to your existing workouts Use the method full time Plan to use supersets to target your weaknesses Be in a position to devise your own workout routine using this method From my first year of resistance training I knew of the superset concept but it was many years later that I started to use it to good effect in my training and later, my clients training too. It was through my own exercise and learning that I was able to fashion this method into something that could be used in all types of workout. Whether you are looking to build muscle, burn fat or even train for endurance, you can: Use supersets to shorten your workouts Increase intensity Add volume to your training Add variety to your average training session This book...
