Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Fruit and Vegetable Situation: March 25, 1937 Supplies of oranges for spring marketing are slightly below average and supplies for the summer and early fall are extremely small. Large quantities of grapefruit have been canned and marketings for fresh use have been extremely heavy. The supply of Florida grapefruit available for market during the remainder of the season now appears to be little larger than that of a year ago. A larger production of strawberries is forecast for each of the early States for 1937 than was obtained last year. Strawberry acreage in the second early and intermediate States is indicated to be less than last year. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
