## THE TSAR S FOREIGN FAITHS: TOLERATION AND THE FATE OF RELIGIOUS FREEDOM IN IMPERIAL RUSSIA (PAPERBACK)

[DOWNLOAD](#)

Oxford University Press, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book. The Russian Empire presented itself to its subjects and the world as an Orthodox state, a patron and defender of Eastern Christianity. Yet the tsarist regime also lauded itself for granting religious freedoms to its many heterodox subjects, making religious toleration a core attribute of the state s identity. The Tsar s Foreign Faiths shows that the resulting tensions between the autocracy s commitments to Orthodoxy and its claims to toleration became a defining feature of the empire s religious order. In this panoramic account, Paul W. Werth explores the scope and character of religious freedom for Russia s diverse non-Orthodox religions, from Lutheranism and Catholicism to Islam and Buddhism. Considering both rhetoric and practice, he examines discourses of religious toleration and the role of confessional institutions in the empire s governance. He reveals the paradoxical status of Russia s heterodox faiths as both established and foreign , and explains the dynamics that shaped the fate of newer conceptions of religious liberty after the mid-nineteenth century. If intellectual change and the shifting character of religious life in Russia gradually pushed the regime towards the acceptance of freedom of conscience, then statesmen s nationalist sentiments and their fears of politicized religion impeded this development. Russia s religious order thus remained beset by contradiction on the eve of the Great War. Based on archival research in five countries and a vast scholarly literature, The Tsar s Foreign Faiths represents a major contribution to the history of empire and religion in Russia, and to the study of toleration and religious diversity in Europe.
