

Geometric Knitting Patterns: A Sourcebook of Classic to Contemporary Designs: Includes Charts for 750 Decorative Motifs (Paperback)

By Tina Barrett

Barron's Educational Series, 2015. Paperback. Condition: New. Language: English . Brand New Book. Those who admire the intricate look of knitted patterns in sweaters and accessories, but have been intimidated by the seemingly difficult technique, will find a wealth of information in Geometric Knitted Patterns. Inside, master knitter Tina Barrett shows readers how to hand knit geometric patterns in a wide range of styles, from minimalist to ornate, and from classic to contemporary. Her clear yet comprehensive instruction includes: Patterns for 750 different geometric patterns, including plaid, Greek key, and more 10 step-by-step projects suitable for knitters of all skill levels Instructions for a range of knitting techniques, including intarsia, Fair Isle, beading, and more Each pattern is individually charted on knitter's graph paper so the finished shape is accurately shown and selected patterns are illustrated with a knitted swatch. Approximately 1000 color photos, illustrations, and diagrams throughout provide inspiration and instruction.
