Reviews

Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

HBASE: THE DEFINITIVE GUIDE (PAPERBACK)

O Reilly Media, Inc, USA, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If your organization is looking for a storage solution to accommodate a virtually endless amount of data, this book will show you how Apache HBase can fulfill your needs. As the open source implementation of Google s BigTable architecture, HBase scales to billions of rows and millions of columns, while ensuring that write and read performance remain constant. HBase: The Definitive Guide provides the details you require, whether you simply want to evaluate this high-performance, non-relational database, or put it into practice right away. HBase s adoption rate is beginning to climb, and several IT executives are asking pointed questions about this high-capacity database. This is the only book available to give you meaningful answers. * Learn how to distribute large datasets across an inexpensive cluster of commodity servers * Develop HBase clients in many programming languages, including Java, Python, and Ruby * Get details on HBase s primary storage system, HDFS-Hadoop s distributed and replicated filesystem * Learn how HBase s native interface to Hadoop s MapReduce framework enables easy development and execution of batch jobs that can scan entire tables * Discover the integration between HBase and other facets of the Apache Hadoop project.
