He attends a Timeshare Presentation where he wins the prize -- a prototype Lamborghini. Later, while driving to a deposition, he stops to help a young woman who is getting mugged by a teenage street-urchin trying to steal her purse. He is transporting both of them to the hospital when they suddenly find themselves 500 years in the future where society has become a land of sexual bigots. Men are kept down and have the social status of a pet. An insane Judge whose only desire is to cause the total genocide of men, with the help of a supercomputer, runs the land. She cons AI into defending a prisoner accused of a capital crime. Accepting the appointment, he finds out too late that attorneys face the same punishment as the accused.
