

COMPLETE LEWIS GUNNER With Notes on the .300 (American) Lewis Gun (Paperback)

By Anon

Naval Military Press Ltd, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The US-manufactured Lewis gun replaced the Vickers as the standard machine gun of the British army in the First World War. This 1941 re-issue of an instruction manual first published in 1918 proves that the Lewis was still valued in the Second World War. The booklet opens with general instructions on how the gun is loaded, fed, fired, cooled and operated. There are chapters on stripping and assembling the gun, how to cope with stoppages and elementary drill.

This pdf will not be simple to start on reading through but extremely enjoyable to see. I have read and i also am sure that i will planning to read through again once more in the foreseeable future. You wont really feel monotony at whenever you want of the time (that's what catalogues are for relating to if you request me).
