STATISTICAL TOOLS FOR PROGRAM EVALUATION

Springer-Verlag Gmbh Jun 2017, 2017. Buch. Condition: Neu. Neuware - This book provides a self-contained presentation of the statistical tools required for evaluating public programs, as advocated by many governments, the World Bank, the European Union, and the Organization for Economic Cooperation and Development. After introducing the methodological framework of program evaluation, the first chapters are devoted to the collection, elementary description and multivariate analysis of data as well as the estimation of welfare changes. The book then successively presents...
