The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.I had a plan. Go to college, get good grades, start fresh. I knew I d have a clean slate, and I could be anyone. I was right on track until I spent the summer with my roommate, Emma. Aaron Sutter was everything I told myself to stay away from. a player, smooth talker, and sexy as hell. He was not part of the plan. Girls fought for just a minute of his attention, and would pretty much do anything to get it. I swore I would never be one of them, but Aaron and my heart had other plans. It s funny how the heart works. It doesn t see the pain coming its way. It doesn t understand that one moment could change everything. One crack could destroy the very foundation that it s balancing on. Aaron was that crack for me. He pushed inside, wrapping himself around my soul and never letting go. I wanted to let him in, but was he ready for the past I worked so hard to escape from? Trusting you is the second book in The Sutter Family series. ***This book contains profanity and graphic sexual encounters. It may not be suited for readers under 17 years of age.
