Brand New Book ***** Print on Demand *****.Kansas tallgrass prairie provides a vivid setting for Windborne, a new novel by Wanda DeHaven Pyle. The author draws heavily on her childhood experiences growing up in the Flint Hills to chronicle a story of three generations of women who triumph over heartache, poverty, and abuse to pursue the dream of a better life. Skillfully creating compassionate characters with a range of emotions, Windborne is a novel unique in style and scope. However, the death of their first child followed by the devastating effects of the Great Depression changes everything. Will and Virginia's family comes of age with the onset of World War II. Their oldest son is drafted into the Army and their two older daughters marry servicemen, leaving only Helen, their youngest, still in school. Once...
