Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.A physician and his beautiful muse become entangled in an exotic parody of spiritually charged exchange, which leads to a riveting enlightenment of logic and consciousness regarding the essence of our existence and the precepts of our origins through the lenses of intellectual mastercraft. The concept of creationism is dissected using the hybrid tools of Darwin s evolution theory and the mythology of creation as revealed in the scriptures. The result is a cross bridge of theosophical thought that creates an acceptable, intellectually palatable insight into the origins, cosmic relevance and perhaps the destiny of man The romantic fixation of the protagonist transcends the pathway of a reflective synergy of ancient versus contemporary views about life, living, transcending to the outer boundaries of our mundane imagination and experience with the complex spiritual entities that chaperone and control our journey in the universe. Mary s story captures the imagination as the perfect example of modern humankind, groping, searching, and seeking a legitimate pathway to logical order in the chaos and disorderliness of our cosmos Their impulsive intellectual exchange and expression of deep rational thoughts are interspersed with romantic interludes, which provided the crescendo for this brilliant spiritual and intellectual expose by Dr OBINNA ELEWEANYA.
