Vision. Paperback. Condition: New. 560 pages. David Baldaccis remarkable detective Amos Decker--the man who can forget nothing--was first introduced in the sensational 1 New York Times bestseller Memory Man. Now Decker returns in a stunning new novel . . . THE FIXAmos Decker witnesses a murder just outside FBI headquarters. A man shoots a woman execution-style on a crowded sidewalk, then turns the gun on himself. Even with Deckers extraordinary powers of observation and deduction, the killing is baffling. Decker and his team can find absolutely no connection between the shooter--a family man with a successful consulting business--and his victim, a schoolteacher. Nor is there a hint of any possible motive for the attack. Enter Harper Brown. An agent of the Defense Intelligence Agency, she orders Decker to back off the case. The murder is part of an open DIA investigation, one so classified that Decker and his team arent cleared for it. But they learn that the DIA believes solving the murder is now a matter of urgent national security. Critical information may have been leaked to a hostile government--or worse, an international terrorist group--and an attack may be imminent. Deckers never been one to follow the rules, especially with the stakes so high. Forced into an uneasy alliance with Agent Brown, Decker remains laser focused on only one goal: solving the case before its too late. This item ships from multiple locations.
