Reviews

A must buy book if you need to adding benefit. Indeed, it can be engage in, continue to an amazing and interesting literature. I am effortlessly can get a delight of reading a published pdf.

(Elliott Wuckert)

CRITICAL CHAIN

Productivity & Quality Publishing Pvt Ltd/ IBH, 2008. Softcover. Condition: New. CRITICAL CHAIN, a gripping fast-paced business novel, does for Project Management what Eli Goldratt`s other novels have done for Production and Marketing. Dr. Goldratt`s books have transformed the thinking and actions of management throughout the world. If you have read THE GOAL and GOAL II you will want to read CRITICAL CHAIN because you understand how Eli Goldratt`s books can change how you think about business. If you have not read THE GOAL and the GOAL II, this book will introduce you to Dr. Goldratt`s Thinking Processes, and you will understand why Fortune Magazine calls him "a guru to industry," and Business Week describes him as a "genius." "The difference between Goldratt and the new age business authors, I guess, comes down to one fundamental element. Goldratt is simply amazing and the others are amazingly simplistic." - Assembly. ".A small but growing number of managers at some of the world`s biggest manufacturers are agreeing with him." - Business Week. Anyone who has ever managed a business project or been involved in one knows how difficult it is to finish on time. Multiply that one project by two or three or six, and you have a management nightmare. But it doesnt have to be that way. Not with the greatest innovation in business in forty years: Critical Chain Project Management. Based on the Theory of Constraints (ToC), a revolutionary methodology created by Eliyahu M. Goldratt in his book Critical Chain, this way of doing business makes lagging productivity a thing of the past. Printed Pages: 0.
