HUMAN FACTORS OF STEREOSCOPIC 3D DISPLAYS (HARDBACK)

Springer London Ltd, United Kingdom, 2015. Hardback. Condition: New. 2015 ed.. Language: English . Brand New Book. Human Factors of Stereoscopic Displays provides an overview of all vision-relevant topics and issues that inform stereo display design from a user-centric or human factor, perspective. Although both the basic vision science literature and the applied literature will be reviewed, the strength and originality of this book comes from the emphasis on the basic science literature on human stereo vision and its implications...

Reviews

Complete manual! Its such a great study. We have read through and so i am confident that i am going to going to go through once again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Jo Feest**

This pdf is really gripping and interesting. We have go through and that i am confident that i will planning to read yet again once again later on. You wont feel monotony at at any time of your time (that's what catalogs are for relating to in the event you question me).
