By Martin Robson

Bloomsbury Publishing PLC, United Kingdom, 2016. Hardback. Condition: New. Language: English . Brand New Book. The de Havilland DH.98 Mosquito was a British multi-role combat aircraft with a two-man crew that served during and after the Second World War. It was one of few operational front-line aircraft of the era constructed almost entirely of wood and was nicknamed The Wooden Wonder . The Mosquito was also known affectionately as the Mossie to its crews. Originally conceived as an unarmed fast bomber the Mosquito was adapted to a wide range of bombing roles. It was also used by BOAC as a fast transport to carry small high-value cargoes to, and from neutral countries through enemy controlled airspace. The book collates a variety of pamphlets and manuals on the plane that were produced throughout the war for the benefit of pilots and others associated with the aircraft.
