University Press of New England, United States, 1982. Paperback. Condition: New. New edition. Language: English . Brand New Book. Textile production, including fiber preparation, spinning, weaving, dyeing, knitting, crocheting, and sewing, is examined. Detailed descriptions of rugs and floor coverings, chair and seat tapes and cushions, clothing and personal accessories, popular cloth, and fancywork are followed by appendices on original Shaker weaving drafts, analyses of rugs and chair seat tapes, dye recipes, and instructions for knitting and constructing fancy items. Since then she has had access to artifacts and original manuscripts and documents throughout the country, works that are reflected in her full bibliography. A study from the procurement and processing of materials to the...
