INGRAM PUBLISHER SERVICES US, United States, 2000. Paperback. Condition: New. 2nd edition. Language: English . Brand New Book ***** Print on Demand *****.In the past three decades, feminist scholars have produced an extraordinary rich body of theoretical writing in humanities and social science disciplines. This revised and updated second edition of *Theorizing Feminism: Parallel Trends in the Humanities and Social Sciences*, is a genuinely interdisciplinary anthology of significant contributions to feminist theory. This timely reader is creatively edited, and contains insightful introductory material. It illuminates the historical development of feminist theory as well as the current state of the field. Emphasizing common themes and interests in the humanities and social sciences, the editors have chosen topics that remain relevant to current debates, reflect the interests of a diverse community of thinkers, and have been central to feminist theory in many disciplines. The contributors include leading figures from the fields of psychology, literary criticism, sociology, philosophy, anthropology, art history, law, and economics. This is the ideal text for any advanced course on interdisciplinary feminist theory, one that fills a long-standing gap in feminist pedagogy.
