Reviews

If you need to adding benefit, a must buy book. It is really simplified but excitement from the 50 percent of your book. I discovered this book from my dad and i recommended this book to understand.
(Dorothy Sawayn)

STORMING THE WALL: CLIMATE CHANGE, MIGRATION, AND HOMELAND SECURITY (PAPERBACK)

City Lights Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. A galvanizing forecast of global warming s endgame and a powerful indictment of America s current stance. --Kirkus Reviews As global warming accelerates, droughts last longer, floods rise higher, and super-storms become more frequent. With increasing numbers of people on the move as a result, the business of containing them--border fortification--is booming. In *Storming the Wall*, Todd Miller travels around the world to connect the dots between climate-ravaged communities, the corporations cashing in on border militarization, and emerging movements for environmental justice and sustainability. Reporting from the flashpoints of climate clashes, and from likely sites of futures battles, Miller chronicles a growing system of militarized divisions between the rich and the poor, the environmentally secure and the environmentally exposed. Stories of crisis, greed and violence are juxtaposed with powerful examples of solidarity and hope in this urgent and timely message from the frontlines of the post-Paris Agreement era. Todd Miller s writings about the border have appeared in the *New York Times*, *Tom Dispatch*, and many other places. Praise for *Storming the Wall* Nothing will test human institutions like climate change in this century--as this book makes crystal clear, people on the move from rising waters, spreading deserts, and endless storms could profoundly destabilize our civilizations unless we seize the chance to re-imagine our relationships to each other. This is no drill, but it is a test, and it will be graded pass-fail --Bill McKibben, author *Eaarth: Making a Life on a Tough New Planet* As Todd Miller shows in this important and harrowing book, climate-driven migration is set to become one of the defining issues of our time. This is a must-read book. --Christian Parenti, *John Jay College of Criminal Justice*, author of *Tropic...*
