By MR John F Faherty

Createspace, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Strange Case of Cannibals Under Kensington is John s recently completed Science Fiction novel. This 84,000 word title tells a story of transformation and redemption. The story is set a few decades into a future, in a time and place where the boundaries of technology have out paced the gritty realities of existence. The novel tells the story of two people who in the course of investigating a bizarre set of grizzly murders discover both the mad work of immoral science and a dark governmental shadow conspiracy. In unraveling these mysteries they discover the hidden strengths they ll need not only to blunt the heavy hand of unrestrained power, but also those needed to rebuild their shattered lives. The plot of this novel unfolds in an alternate history set in a future slightly ahead of ours. In this alternate Philadelphia, the stark divisions of class and technology unravel in this world beset by economic upheaval and unrestrained science. There a scientific discovery is made in the field of genetics that sets in motion a terrifying chain of events. From within a city...
