PRACTICAL TRADITIONAL CHINESE GYNECOLOGY

Jiangsu Science And Technology Publishing House, 2009. Soft cover. Condition: New. Since women anatomically have a uterus and its associated organs, and physiologically have menstruation, leukorrhea, pregnancy, labor and breast-feeding, there is an expected difference between women and men in terms of zang-fu organs, channels and collaterals, yin and yang, and qi and blood in their physiological activities of reproduction. The human body takes the zang-fu organs, and the channels and collaterals, as the fundamentals, and performs its function...

Reviews

This publication is definitely not effortless to get going on reading but very fun to learn. It really is written in simple terms rather than difficult to understand. Its been printed in an extremely simple way and it is merely right after i finished reading through this pdf by which basically changed me, alter the way in my opinion.
