

## Building Websites with Mambo

By Hagen Graf

Shroff Publishers/Packt, 2007. Softcover. Condition: New. This book is a fast paced tutorial to creating a website using Mambo. If you have never used Mambo, or even any web content management system before, then this book will walk you through each step in a friendly and accessible way. From installation, to initial set up and content entry and then on to customization for your own look and feel, this book will get you to a stable and working Mambo based web site fast. You do not have to be an experienced web developer or designer to get a great looking site with a full set of functions using this book and Mambo. This book will guide you through every step. Mambo is a mature and fully featured Content Management System (CMS). First released in 2001, the system is now on release 4.5.x and is supported by an active and well organized open source development team and community. Mambo is both easy to use at the entry level for creating basic websites, whilst having the power and flexibility to support complex web applications. Mambo implements the core requirements of a full featured CMS. It has a powerful and extensible templating system...
