iUniverse, United States, 2005. Paperback. Book Condition: New. 228 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****. Jesus The Egyptian is a revolutionary attempt to examine the origins of Christianity as historical artifacts and not theological ones. The author offers the theory that Christianity is historically rooted in the ancient Egyptian creed of Osiris and not only, as is often claimed, in Judaism, presenting a radical break with established Christian tradition. Professor Gabriel offers an intriguing analysis of Jesus psychological motivation to explain Jesus rejection of Judaism and his adoption of the Osiran-Isis creed, the most popular and practiced pagan theology of Christ s time.
