*This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.*

## WEATHERING: SONNETS AND OTHER POEMS

Outskirts Press. Paperback. Condition: New. 58 pages. Dimensions: 8.3in. x 5.2in. x 0.2in. This collection of forty lyrical poems explores themes as diverse as the beauty of the natural world to struggling with cancer. Greek mythology, Bible stories and folklore provide sources for the texts. The poems range from the personal to the universal, from the humorous to the spiritual, from the narrative to the dream-like. Besides the twenty sonnets with their strict metrical and rhyming scheme, there is a collection of free verse, as well as one formal sestina. The poems provide an opportunity to meditate on our human roots, our deepest longings, and the wonder and terror woven into the earth, of which we are a part. In this volume, you'll meet old storybook friends like the Red Queen and Jack and the Beanstalk; renew half-forgotten acquaintances with Greek gods and heroes; and encounter new characters like the slow-witted boy Leonard who saw the Virgin Mary, but nobody believed him. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
