A thought starts out as an idea, a drop that falls into the vast ocean of your mind. It creates a ripple that grows. Eventually the inspiration meets another ripple, and together they expand, adding to each other. Soon the whole surface is covered with thoughts. But this is more than the surface - this is a brainstorm. A regular downpour of thought. And you can't stop water from spreading. A single drop becomes a river, which flows to an ocean. A poem. Ripples is the first book in our collection of inspirational poetry.
