Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

SEED SOVEREIGNTY, FOOD SECURITY: WOMEN IN THE VANGUARD OF THE FIGHT AGAINST GMOS AND CORPORATE AGRICULTURE (PAPERBACK)

Frog Ltd, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. In this unique anthology, women from around the world write about the movement to change the current, industrial paradigm of how we grow our food. As seed keepers and food producers, as scientists, activists, and scholars, they are dedicated to renewing a food system that is better aligned with ecological processes as well as human health and global social justice. Seed Sovereignty, Food Security is an argument for just that--a reclaiming of traditional methods of agricultural practice in order to secure a healthy, nourishing future for all of us. Whether tackling the thorny question of GMO safety or criticizing the impact of big agribusiness on traditional communities, these women are in the vanguard of defending the right of people everywhere to practice local, biodiverse, and organic farming as an alternative to industrial agriculture.
