Alpha Editions, India, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Beyond Good And Evil, originally published in 1886, is a book in which the author shows the weaknesses in the moral premises and prejudices of philosophers. In Beyond Good and Evil, Nietzsche accuses past philosophers of lacking critical sense and blindly accepting dogmatic premises in their consideration of morality. Specifically, he accuses them of founding grand metaphysical systems upon the faith that the good man is the opposite of the evil man, rather than just a different expression of the same basic impulses that find more direct expression in the evil man. The work moves into the realm beyond good and evil in the sense of leaving behind the traditional morality which Nietzsche subjects to a destructive critique in favor of what he regards as an affirmative approach that fearlessly confronts the perspectival nature of knowledge and the perilous condition of the modern individual. The work consists of 296 numbered sections and an epode (or aftersong) entitled From High Mountains. The sections are organized into nine parts: Part One: On the Prejudices of Philosophers Part Two: The Free Spirit Part Three: The Religious Essence Part Four: Maxims and Interludes Part Five: On the Natural History of Morals Part Six: We Scholars Part Seven: Our Virtues Part Eight: Peoples and Fatherlands Part Nine: What is Noble?.
