Excerpt from The Etymologic Interpreter, or an Explanatory and Pronouncing Dictionary of the English Language: To Which Is Prefixed, an Introduction, Containing a Full Development of the Principles of Etymology and Grammar, C. C. C The Plan of the Dictionary will be sufficiently understood by inspection, and therefore a description of it? In this place is unnecessary. Wherever explanation seemed superfluous it has not been introduced; as in the names of familiar objects, such as home, cow, M538; Every person has a more distinct perception of the meaning of such words than can possibly be expressed and therefore definition or explanation is futile. Partly with the view of rendering the Dictionary useful to foreigners, and partly for the purpose of enabling the English to compare their own Words with those which correspond to them in other Languages the nearest Latin, Italian, French, and German, synonyms are subjoined to the explanation. Thus, it was thought; foreigners might obtain some knowledge of the English; have the same word in common; it was not considered (necessary to subjoin any learned or foreign synonyms.
