This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

WOMEN IN CONTEMPORARY FRANCE

U.K / Berg, 2000. Soft cover. Condition: New. No Jacket. This book examines the contemporary situation of women in France and makes an essential contribution to the growing interdisciplinary interest in la condition feminine. It addresses both mainstream issues - such as women's paid and unpaid work, women in politics with particular reference to the current parity debates, leisure and contemporary women's writing - as well as under-represented areas, namely women in rural France, immigrant and exiled women and the situation of lesbians. Authors examine the problems facing women at home and at work and critically assess the policy initiatives to combat unemployment, occupation segregation and pay inequality. A 1st edition, in new condition. (227 pages & 9 pages of perface).
