

## Architecting Complex-Event Processing Solutions with TIBCO (R) (Paperback)

By Paul C. Brown

Pearson Education (US), United States, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Complex-event processing is simple in principle but hard to do well in practice. This guide presents the principles and motivations for those new to the subject. More importantly, it details the entire thought-landscape of a complete implementation, using TIBCO products as the background. Well worth the read for anyone who is thinking of implementing a complex-event solution. Those who have already implemented one should read it as well, both for another perspective and for a view of the capabilities of the TIBCO products. -Lloyd Fischer, Senior Software Architect, WellCare Health Plans This complete guide drives you through the specifics of complex-event processing (CEP) design concepts. The book covers all the fundamental aspects and design phases relevant for any TIBCO CEP project implementation, from design through performance-tuning and deployment. I would highly recommend this book to any reader interested in CEP concepts, although a small amount of TIBCO technology knowledge will let you appreciate it more. -Antonio Bruno, Infrastructure Account Manager, UBS AG The architecture series from TIBCO (R) Press comprises a coordinated set of titles for software architects and developers,...
