Ravette Publishing Ltd, United Kingdom, 2011. Paperback. Condition: New. Jim Davis (illustrator). Language: English . Brand New Book. Garfield has long been considered a classic property because he has not only endured, but continues to be fresh and funny after over 30 years in the limelight. Part of the strip s broad appeal is due to its lack of social or political commentary, which was always Jim Davis s intention. Originally created (in June 1978) with the intention of coming up with a good, marketable character , Garfield is now the world s most syndicated comic strip in history with over 200 million readers daily in over 2,400 newspapers around the globe, translated into 45 languages. He has spawned a profusion of merchandise, including clothing, toys, games, credit cards and related media. In addition to the various merchandise and commercial tie-ins, other achievements include:- Mobiles - with animations, ring tones and graphics. Web - the website attracts nearly 2 million visitors a month. Publishing - over 135 million Garfield books have been sold worldwide. Movies - the two movies released by Twentieth Century Fox were both box office hits. TV - The Garfield Show via Cartoon Network is shown around the world. Games and DVDs - Garfield can boast a large library of video games for Nintendo, Playstation and Wii, as well as dozens of DVDs in the marketplace.
