Reviews

Thorough information! Its such a good study. Sure, it is perform, still an amazing and interesting literature. Once you begin to read the book, it is extremely difficult to leave it before concluding.

BELONGING EXPERIENCES: DESIGNING ENGAGED BRANDS (HARDBACK)

iUniverse, United States, 2010. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.How does a business create strong brand loyalty when there is so much competition for customers attention and needs? In *Belonging Experiences*, author Jean-Piere Lacroix explores the trends that impact how consumers connect with products and services while outlining a new model for brand engagement based on more than thirty years of leveraging the power of design thinking. The strategies outlined in *Belonging Experiences* provide businesses with easy-to-understand tools that lay the groundwork for a successful brand-engagement initiative. With timely examples and case studies to illustrate key points, Lacroix introduces the Beginning Experience concept that can unleash the full potential of advocates for brands, allowing for greater visibility and loyalty through third party endorsements and referrals. By understanding how consumer needs are evolving, creating an experience to meet these needs, leveraging technology, establishing an employee value proposition, and engaging employees to live the brand promise, businesses can create a successful experience for their brand that will truly resonate and connect with consumers and positively impact the organization s bottom line.
