Beasts: What Animals Can Teach Us About the Origins of Good and Evil (Paperback)

By Jeffrey Moussaieff Masson

Bloomsbury Publishing PLC, United States, 2015. Paperback. Condition: New. Reprint. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. In his previous bestsellers, Masson has showed us that animals can teach us much about our own emotions--love (dogs), contentment (cats), and grief (elephants), among others. In Beasts, he demonstrates that the violence we perceive in the wild is a matter of projection. Animals predators kill to survive, but animal aggression is not even remotely equivalent to the violence of mankind. Humans are the most violent animals to our own kind in existence. We lack what all other animals have: a check on the aggression that would destroy the species rather than serve it. In Beasts, Masson brings to life the richness of the animal world and strips away our misconceptions of the creatures we fear, offering a powerful and compelling look at our uniquely human propensity toward aggression.

Reviews

Merely no words to spell out. It is amongst the most awesome publication i have read. Your life span will likely be transform as soon as you full reading this book.

-- **Marvin Okuneva**

Completely among the best publication I have got at any time go through. I have got go through and so i am confident that i will likely to read again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
