Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Culture and Cooking; Or: Art in the Kitchen This is not a cookery book. It makes no attempt to replace a good one; it is rather an effort to fill up the gap between you and your household oracle, whether she be one of those exasperating old friends who maddened our mother with their vagueness, or the newer and better lights of our own generation, the latest and best of all being a lady as well known for her novels as for her works on domestic economy - one more proof, if proof were needed, of the truth I endeavor to set forth - if somewhat tediously forgive me - in this little book: that cooking and cultivation are by no means antagonistic. Who does not remember with affectionate admiration Charlotte Bronte taking the eyes out of the potatoes stealthily, for fear of hurting the feelings of her purblind old servant; or Margaret Fuller shelling peas? The chief difficulty, I fancy, with women trying recipes is, that they fail and know not why they fail, and so become discouraged, and this is where I hope to step in.
