Being Bionic: The World of TV Cyborgs (Paperback)

By Bronwen Calvert

I.B.Tauris Co. Ltd., United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. The contradictions and complexities of the cyborg therefore hold particular appeal to programme makers of dramatic TV narratives. Bronwen Calvert examines the uses and representations of the cyborg in this ground-breaking text, by looking at its frequent appearance in a wide variety of popular and cult shows: from the iconic Daleks of Doctor Who and bionic female empowerment in Terminator: The Sarah Connor Chronicles, to the duality of humanoid and distinctly robotic cyborgs in Battlestar Galactica. In doing so, she reveals how television's defining traits shape our experience of cyborgs and help us as viewers to question contemporary issues such as surveillance and terrorism, as well as the function of simulation and ultimately what it means to be human.

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It's been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

-- Beverly Hoppe

Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my mom and dad suggested this ebook to discover.

-- Adela Schroeder II
