Thieme Medical Publishers Inc, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. Adult Audiology Casebook is a compendium of key clinical cases designed to help clinicians develop the critical thinking skills necessary to successfully diagnose and treat patients. The cases are written by experts from around the world who share their experiences and expertise in dealing with a range of challenging clinical scenarios. An important classroom resource, the book gives readers expert guidance on providing best practice care in the areas of hearing disorders, the diagnosis of auditory and vestibular disorders, amplification, cochlear implants, hearing assistive technology, and management of tinnitus. Key Features: More than 70 adult case reports written by leading clinicians from the United States, Canada, Australia, Hong Kong, and England Over 180 color audiograms that help clinicians evaluate hearing sensitivity Includes a series of questions on each case with thought-provoking answers followed by a summary of the key points on that case This textbook is essential reading for graduate level audiology students who want to sharpen and enhance their clinical skills. It is a valuable teaching tool for audiology and speech pathology professors as well as a practical reference for practicing audiologists, otolaryngologists, and ENT residents in their daily practice.
