Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. The implications of this system on the state of American democracy are significant: the rise of the permanent campaign brings with it the rise of a permanent campaign industry. A professional political class stands between the voters and those who claim to represent them, influencing messages on both sides. Sheingate not only shows how political consultants have reshaped politics, though; he also covers recent developments like the commercialization of digital campaign tools and the consolidation of the political consulting industry into global media conglomerates. *Building a Business of Politics* is both a definitive account of the consulting profession and a powerful reinterpretation of how political professionals reshaped American democracy in the...
