Soho Press Inc, United States, 2017. Paperback. Condition: New. Reprint. Language: English . Brand New Book. In 1916, Emma O Neill is frozen in time. After sampling an experimental polio vaccine brewed on a remote island off St. Augustine, Florida, she and her family stop aging--as do the Ryans, her family s business partners. In a way, this suits Emma fine because she s in love with Charlie Ryan. Being seventeen forever with him is a dream. But soon a group of religious fanatics, the Church of Light, takes note. Drinking the elixir has made the O Neills and Ryans impervious to aging, but not to murder--Emma and Charlie are the only ones who escape with their lives. On the run, Emma is tragically separated from Charlie. For the next hundred years, she plays a cat-and-mouse game with the founding members of the Church of Light and their descendants. Over the years, a series of murders--whose victims all bear more than a passing resemblance to her--indicate that her enemies are closing in. Yet as the danger grows, so does Emma s hope for finding the boy she s certain is still out there . . . From the Hardcover edition.
