It is an awesome book that we have possibly go through. It is actually written in straightforward words and phrases and not confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

TRAVELING BEYOND THE TOPIC OF CANCER: THE SISTERS JOURNEY

Dog Ear Publishing, United States, 2014. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.A memoir - spanning two years - about my sister Marianne s second and final battle with Hodgkins Disease and primary liver cancer told primarily through e-mails written during that period. But it is more. It is the journey of two sisters, who led active lives in between doctors appointments, surgery, tests and chemo; who strengthened their relationship and their love through adversity - despite differences in personality. It is not a how to book, it is a can do book; not an advice book, but rather a chronicle of lives lived to the fullest, even with the proverbial elephant in the room.
