Man and Security: Proving Natural Laws of Human Behavior (Paperback)

By Mr H L Heckel III

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Man and Security uses the scientific method to combine enlightened self interest with the teachings of Jesus to propose a theory of how mankind acts and should act. With Darwin s theory of evolution, we know that human beings must be able to adapt to their environment to survive as a species. The individual must be able to sense what is good for himself. This positive chemical reaction to the environment is called security. This book proposes three theories of security. The first is that the individual seeks what he perceives to be his own individual security. The second is that the individual should try to maximize his own security over time. Aren t there natural laws of human behavior? Since we appear to be able to make choices, these would be rules that, if followed, would maximize the individual s security over time as well as allow the species to survive. Discovering such laws may be impossible since our perceptions are clouded by our own culture. But, what is the point of creating such laws if you do not tell people...
