Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Facts About Cuba: To the Congress of the United States of America Now Assembled, January, 1875 The published epitome of the census of 1866 does not give any details about the elements of the total white population, which shows a decrease of 28,203 in comparison with that of 1862. The number of the free colored population is the same in both censi; leaving the inference either that the account was not really taken in 1866, or that the free colored people had so much increased between the two epochs, that the Spanish Government, having adopted as a rule of policy the balance of the races, was afraid of publishing the true amount of that class of the population. The total of this must be actually less than in 1867, owing to different causes; such as diminution of the immigration from Spain; the emigration of thousands of Cubans; the large number of slaves dead by overwork and misrule of the Spanish agents in the confiscated sugar states; and the immense loss of lives on account of the revolutionary war. Wealth. - In 1862. Total value of producing land . \$380,551,523 Total value of urban real estate . 170,400,833 Total amount of commercial and industrial pursuits . 773,846,496 Total . \$1,324,801,852 The value of agricultural productions for the same year (1862) amounted to \$129,510,518. To give an idea of the wealth of Cuba, the Minister of the Colonies said to the Spanish Congress in October, 1871: From 1858 to 1868 (the year of the revolution) the revenues collected in Cuba have amounted to \$405,025,576; the surplus over the expenditures to \$9,698,701; the remittances of money to Spain \$34,172,693; the expenses of the expedition to...
