A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Light by Which We See Light: Or Nature and the Scriptures, a Course of Lectures Delivered Before of Lectures Delivered Ant The general title chosen for this little book is regarded as, more than any other, suggestive of its pervading thought. The study of nature alone is ever revealing more mysteries than it solves. At every step the dark ness grows faster than the light. Endless links, endless adaptations, ever terminating in the physical - endless repetitions, in fact, of the same forms of force, -they never lead us out of the labyrinth, but only extend farther and farther, on every side, the limitless unknown. The soul cannot rest in this. It would know the meaning of nature. It earnestly asks: What is it all about? The inquiry itself is a religious one, and religion alone can furnish the answer. However dim or feeble this may be, it immediately elevates us above the depressing effects of mere physical knowledge. But religion without revelation, or faith in some kind of communion with the Infinite mind, is a shadow. Hence, the idea never lost sight of in these discourses: In Theology, in Christianity, in the Holy Scriptures, which we receive as the Word of God, there is a grandeur of thought unknown to any scheme of science, and which puts the humblest believer, however uncultured and unlearned, above the proudest intellect that is a stranger to any such influence. As Christians we should not hesitate to avow this, and firmly maintain it. We should appeal directly to Christian experience, as a mzlgr/zzy fact which science has no right to overlook. God s Word, if it be indeed God s Word, must be a...
