WORKING IN CHINA

Routledge, UK, 2006. Hardcover. Condition: New. First Edition. After a quarter of a century of market reform, China has become the workshop of the world and the leading growth engine of the global economy. Its immense labour force accounts for some twenty-nine per cent of the world's total labour pool but all too little is known about Chinese labour beyond the image of workers toiling under appalling sweatshop conditions for extremely low wages. Working in China introduces the lived experiences...
