JUNGHIAN ODYSSEY VIV THE PLAYFUL PSYCHE (PAPERBACK)

SPRING JOURNAL, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This volume of essays ensues from the 6th Jungian Odyssey retreat, held at the historic Monte Verit -the Mountain of Truth-in the Canton of Ticino in the southern Swiss Alps. The authors are training analysts and scholarly guests of the International School of Analytical Psychology Z rich. The modern history of Monte Verit began in 1899 when a group of anarchists settled in this rugged terrain, vowing to re-discover humanity s harmony with nature and the unity of body, soul, intellect. In time this mountain of truth emerged as a magnet for many dancers, artists, and thinkers-among them C.G. Jung himself. Carrying forward the spirit of the place, the authors of this volume observe the psyche at play in wide-ranging fields that stretch from the science laboratory to the analytic consulting room-from physics and mathematics to collective and personal catastrophe, to synchronicity, symptom, art, song, dream, myth, and the experiencing body. These seemingly far-flung contributions join in a vital persuasion: The playful psyche draws us into the chaos of chance and wondrous mischance with purpose-namely to imbue life with new meaning. The creative challenge for the ego and individuation is to sustain being at the threshold of the conscious and unconscious-or to dwell at the edge between chaos and order, where the dance of life takes place. (I Ching).
